PETITION TO THE TRUMP ADMINISTRATION: "Preserving an injunction against The Executive Branch is vital to preserving the Constitution, as an injunction would prevent the Executive Branch from destroying the obligation of contracts (the Constitution). President Obama signed an injunction against a lower court's injunction in a criminal case - he is now trying to do so a second time. The Trump Administration must enjoin him from issuing such an injunction, and must release Trump University files to the public."[Effect of interferon on the functional state of mononuclear phagocytes]. The effect of interferon on the functional activity of mononuclear phagocytes of mice was studied. The addition of high doses of the preparation caused a potentiation of the exocytosis of the lysosomal granules in rabbit peritoneal macrophages and in peritoneal and splenic mononuclear phagocytes of mice. The observed effect was closely connected with the immunostimulating effect of the interferon preparation. The obtained data confirmed the "agonist" nature of the interferon preparation.
